Welcome to the latest Updates newsletter from Steven Kelvin Gardens

## RECOMMEND

Whenever possible we use specialist nurseries and Apuldrum Roses based in Sussex are the experts in Roses.

With a wide range of stock both bare rooted and potted they offer a friendly and professional service with great advice on what plant is best where.

## GARDENS TO VISIT

A reclusive romantic garden in the Cotswolds. At the heart of which is a walled garden with old fashioned Roses, a great collection of Tulips and Cottage garden style planting. Worth seeking out and often you will have the garden to yourself.

## FEATURE

### Our new website

Long overdue but at last complete. The new website is an evolution of the previous design but with more flexibility in terms of adding new content and keeping the site fresh. Please take a look at [www.stevenkelvingardens.com](http://www.stevenkelvingardens.com). Thanks to Ray, Gill & Bruno at Reuben Internet and Lee at Lee Hiom Design for making this happen.

## OTHER NEWS

We have recently finished working on a garden design commission for the ethical based and community minded café chain Boston Tea Party at their Park Street branch in Bristol. Following recent expansion to the interior they are now doing much the same with an extra outdoor space. We will also be responsible for the execution of the landscaping which is scheduled for the end of April this year.

We have just completed our implementation of the new roof terrace garden for Brooks Hotel, Bristol, where the owners have air lifted four American style Airstreams onto the roof to create a unique and memorable overnight destination.

Alex and Tim, owners of Sub13, the Bath based award winning cocktail bar, have approached us with the task of evolving their large courtyard garden in time for the good weather (fingers crossed).

We are also working on a series of private client garden design and landscaping commissions. With a range of projects in Bath as well Bradford-On-Avon, Cirencester & Midsomer Norton..

## SEASONAL TIPS

Lawn care – A good time to give your lawn a spring feed and reseed any areas that have become patchy over the winter.

Mulch borders to aid water retention with either compost or well rotted manure.

Lift and divide any overgrown perennials.

Plant summer flowering bulbs.

## FENCING, DECKING & MAINTENANCE

We have always implemented high quality fencing and decking projects as a part of our landscaping service but have increasingly been asked to provide this as a separate service. So we are now offering the best quality fencing and decking as a stand-alone service for our customers. **Get in touch via email or call 07793 562 702**

Due to increasing demand we now offer a bespoke maintenance service. So make the most of your garden with expert help and advice.

**Specialist Pruning**  
Wisteria, Roses, Clematis, Fruit trees.

**Topiary, Training and Shaping**  
Pleaching, Standards, Lollipop, Espalier.

**Topiary in Box and Yew Hedges**
